

Pro-Ject Connect it - SI line

Electrically shielded with conductors made of pure silver and RCA phono plugs with locking function - capacity/meter 58pF

The cables are directional. The blue shrinking tube points out the direction of the signal flow.

Model 5P-SI

Interconnect cable with earthing wire,
2x RCA phono plugs +
1x 5-pole standard tonearm socket.
Option. 90° angled 5-pol. standard tonearm socket.
Available length: 82 / 123 and 185cm

Model Phono RCA-SI

Interconnect cable with earthing wire,
4x RCA phono plugs.
Available length: 82 / 123 and 185cm

Model RCA-SI

Interconnect cable,
4x RCA phono plugs.
Available length: 20,5 / 41 / 82 / 123 / 185 / 246 and 492cm

The manufacturer reserves the right to alter the technical specifications without notice.

Pro-Ject Connect it - CC line

Electrically shielded with conductors made of OFC copper and an additional layer of carbon fibre - capacity/meter 75pF

The cables are directional. The blue shrinking tube points out the direction of the signal flow.

Model 5P-CC

Interconnect cable with earthing wire,
2x RCA phono plugs +
1x 5-pole standard tonearm socket.
Option. 90° angled 5-pol. standard tonearm socket.
Available length: 82 / 123 and 185cm

Model Phono RCA-CC

Interconnect cable with earthing wire,
4x RCA phono plugs.
Available length: 82 / 123 and 185cm

Model RCA-CC

Interconnect cable,
4x RCA phono plugs.
Available length: 20,5 / 41 / 82 / 123 / 185 / 246 and
492cm

The manufacturer reserves the right to alter the technical specifications without notice.

Pro-Ject Connect it - C line

Electrically shielded with conductors made of OFC copper - capacity/meter 65pF

The cables are directional. The blue shrinking tube points out the direction of the signal flow.

Model 5P-C

Interconnect cable with earthing wire,

2x RCA phono plugs +

1x 5-pole standard tonearm socket.

Option. 90° angled 5-pol. standard tonearm socket.

Available length: 82 / 123 and 185cm

Model Phono RCA-C

Interconnect cable with earthing wire,

4x RCA phono plugs.

Available length: 82 / 123 and 185cm

Model RCA-C

Interconnect cable,

4x RCA phono plugs.

Available length: 20,5 / 41 / 82 / 123 / 185 / 246 and 492cm

The manufacturer reserves the right to alter the technical specifications without notice.

Pro-Ject Connect it - C line

Electrically shielded with conductors made of OFC copper - capacity/meter 65pF

Model Y-Cable RCA-C (plugs)

Y-Interconnect cable,
1x RCA phono plug +
2x RCA phono plugs.

Available length: 20,5 / 41 and 82cm

Model RCA-35-C

Interconnect cable,
1x 3 pole mini-jack (3,5mm Ø) +
2x RCA phono plugs.

Available length: 20,5 / 41 and 82cm

Pro-Ject Connect it - Speaker cable

conductors made of OFC copper

Single- or Bi-Wiring

Conductor four times 1mm² Ø

Outer diameter 6mm

The manufacturer reserves the right to alter the technical specifications without notice.
