

Stereo Box RS

Highend stereo integrated amplifier

- 2x 120 watts @ 4 ohms
- 2 ohms drive capability
- Pure analogue audio circuitry
- Dual mono & fully balanced design principle
- 6 stereo line inputs (XLR & RCA)
- Pre & subwoofer plus fixed level record out
- Tube buffer input stage (6922)
- Motor drive potentiometer
- IR remote included
- High class metal casing
- Full metal casing silver or black

Technical data

Power output	2x 80W / 120W at 8 / 4 ohms
Signal-to-noise ratio	> -95dB (IEC -D)
Frequency response	20Hz - 20kHz (+0dB, -0,08dB)
THD	0,05% / 100 watts
Gain	32dB (RCA) / 35dB (XLR)
Stereo line inputs	5 pair RCA/Cinch sockets and 1 pair XLR
Output impedance	0,022 ohms
Subwoofer output	1x RCA (mono)
Record output	Stereo RCA (fixed level)
Speaker connectors	4mm Ø banana plugs, spades connectors or naked wire
Power supply	48V/2,5A DC; 100 - 240V, 50/60Hz
Standby Power consumption	<1 watt
Dimensions W x H x D	206 x 72 x 200 (220mm with sockets)
Weight	2650 g without power supply

Stereo Box RS: real audiophile grade integrated amplifier

This real audiophile-grade integrated amplifier that strictly follows our less is more principle in a pure analogue circuitry. Therefore it offers 6 „strictly analogue“ inputs in a dual mono construction. We think, that combining analogue and digital inputs would compromise audio quality. If digital input options are needed, just add DAC Box RS and you will get a total of 14 analogue and digital input options and best possible audio reproduction! 6 stereo line level inputs (5 RCA & 1 XLR) offer a lot of connection options. Stereo Box RS can be used as integrated amplifier or as pre-amplifier with an additional subwoofer output option. Pure analogue circuitry with low noise buffer input stages offers uncompromised audiophile playback. Elegant control buttons on front and IR remote, that comes with unit, makes usage a piece of a cake. The massive metal casing is beautiful and effectively protects against interference. Stereo Box RS is available in silver or black.

Upgrade option:

The addition of linear power supply **Power Box RS Amp** (retail price € 499) gives even more power (2x 100/195 watts 8/4 ohms) and 1-ohm drive capability.

RCA , XLR, Subwoofer, Fixed & variable line out, Speaker, Power
