

Maybe you've been wracking your brain
for weeks with this question:

"Should I buy the bluMe Pro or the bluMe HD?"

Lots of customers ask us
that exact same question.

And our answer is always the same:
"How much of an audiophile are you?"

**Because if you're a real audio nerd
you'll probably want the bluMe Pro.**

Here's how the two compare:

	 bluMe Pro	 bluMe HD
