

## **HEAD BOX S2 DIGITAL**

## Headphone amplifier and DAC with 32bit and DSD256 support

MSRP 279 € (incl. VAT)

## colour options:

- High end ESS Sabre ESS9038 DAC
- Proprietary clock circuity design
- Organic polymer capacitors and thin film miniMELF resistors
- 32bit / 768kHz decoding
- DSD64, DSD128 & DSD256 (DSD over PCM)
- Up to 24bit/192kHz for optical & coax inputs
- 5 selectable digital filter characteristics
- 1 proprietary optimum transient digital filter
- Headphone output on the front (6.3mm)
- Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds!
- Gold plated four layer PCB
- Full alu/metal sandwich casing in silver or black

3 digital inputs: 1x coax (S/PDIF), 1x optical (TOSlink®), USB B D/A-converter: 1x ESS9038Q2M 32-bit PCM 768kHz /

**DSD256** 

Headphone amplifier chip: ESS9063

Sampling rates: 32/44,1/48/88,2/96/176,2/192/352,

8/384/768 kHz

**DSD support:** DSD64, DSD128, DSD256 **Filter settings:** 5 different selectable on front

Frequency response: 20Hz - 20kHz

Analogue out: 6.3mm Headphone Out (front), 1x Pre Out (RCA)

Output voltage: 2,05 Veff

Headphone output: power 68mW (320hms)

THD: 0,0007%

Dynamic Range: 120dBA

**Powerconsumption:** 5V, micro USB **Dimensions W x H x D:** 103 x 37 x 120 mm

Weight: 366g without power supply

## Head Box S2 Digital - High performance DAC and headphone amplifier

Head Box S2 Digital comes fully equipped for the highest demands of the modern audiophile. It supports playback for PCM files up to 32bit / 768kHz and DSD decoding up to quad DSD (DSD256). Head Box S2 Digital also comes with five digital filters for soundshap-ing to the listeners preferences. Three digital inputs ensure to connect to any source available, be it a personal computer via the USB B input or a TV set via the optical input. The co-axial S/PDIF input takes all data from a digital transport such as the CD Box DS2 T. All inputs offer support for high resolution data up to 24bit /192kHz. The USB input offers full high resolution support for all files up to PCM 32/768 and DSD256. The front seated 6.35mm headphone output delivers a clean and precise sound with a musical touch. Un-wanted noise coming in through USB is double filtered to surpress them to a level where it can't affect

audio to realize an undisturbed listening experience. The new aluminium/metal casing ensures highest aesthetics and protects against vibration and interference! Head Box S2 Digital comes in silver or black.
